

## **2020 Membership Application**

The 2020 membership application has been posted.

This year the \$40.00 background fee has been altered. We learned that background checks from some of the other states exceed the \$40.00 we collect. Applicants from those states charging a higher fee will be contacted and informed of the additional cost. Those background checks will not be completed until we receive money to cover the additional cost.

Read the application carefully, any applications received without all of the mandatory information will not be considered. You may be contacted about missing information. Print clearly. Your full name – First Name, Full middle Name, Last Name; your current address, City, State, Zip Code, phone numbers – both home and personal cell. Date of birth, email address, social security number (needed for background check), NRA membership number, Drivers License number including issuing state. All of this information is required/mandatory.

Optional information, any shooting organizations you may belong to, NRA certificates you may hold and if you have a Safety Officer's certification from any shooting venue.

At the bottom of the form you will need the names of two current club members who will sponsor you. This has been for those of you new to the area. As a firearms enthusiast, when talking to friend or co-workers ask if they belong to the club or knows someone who does belong.

While not helping with locating sponsors for the beginning of the 2020 season, come to those shooting events that may interest you, get to know the group. You can participate in these events without being a member. A great way to meet club members. Also, the membership may not be completely filled in April, any vacancies will be filled in July from those applicants not having all information (sponsors, NRA# listed on their application).

Sign and date the application then mail it to Club Secretary Dan Hill at the provided address. **NO EMAILED FORMS ACCEPTED.**
